

What You Need to Know: Essentials of Effective Teaching

With Lucas Anderson,
Kazem Alidoost,
Leanna Duncan, and
Slav Dvoretzkiy

Tuesday, June 23	Overview of Backward Course Design
Thursday, June 25	Creating Learning Objectives
Tuesday, June 30	What Can We Assess Online?
Thursday, July 2	How Do You Assess Your Students Online?
Tuesday, July 7	What Activities Can Go Online?
Thursday, July 9	Keeping Your Students Engaged
Tuesday, July 14	Active Learning from Social Distance
Thursday, July 16	Developing a Syllabus

All sessions will run from **2pm to 3pm** on Zoom. Each session will feature about thirty minutes of pre-session content and work to complete in order to participate effectively in the live session.

To maximize the value of the workshops, please complete the pre-work and participate fully in the session. We will record each live session and make it available to view in case you can't attend one or more.

This series is designed for experienced TAs or other instructors designing a course for the first time, but all are invited to attend.

Please register so that we can get a sense of how many to expect, and so we can send you a Zoom link for the sessions and point you towards each session's pre-work. You don't need to commit to the whole series – come to what you want.

Register at go.illinois.edu/needtoknow

If you do the pre-work and participate in the live session, each workshop counts for 1.5 hours of CITL certificate credit.

If you can't attend a live session, you may earn certificate credit by doing the pre-work, viewing the recording of a session, and completing additional work.
