

**Fall 2021  
Faculty Series  
on Teaching & Learning**

**I**  
**ILLINOIS**  
Center for Innovation  
in Teaching & Learning

**Great teachers....  
Know what and how well their  
students have learned.**

It is absolutely critical that we be continuously informed about our students' learning. We can get valuable information from a wide range of sources, such as their feedback, questions and answers, creative projects, active learning.

***"... there is no such thing as effective teaching in the absence of learning. Teaching without learning is just talking" (Angelo & Cross, 1993).***

**Welcome!**

***We are pleased to be meeting in person again! Come join a dynamic learning community by participating in this specially designed workshop series for all faculty (across all disciplines and rank). We'll share strategies and best practices from research-based pedagogy. Great conversations and handouts provided.***
